General Background

The United Nations Refugee Agency (UNHCR) is the world's leading not-for-profit organization in helping and protecting the millions of people forced to flee their homes because of violence, conflict and persecution. We deliver life-saving assistance, including shelter, food and water while also safeguarding fundamental human rights, safety and dignity.

Our Canadian office is part of a global network that works in 130 countries, protecting over 65 million people. We were founded in 1950 as part of the United Nations effort to help people displaced by World War II. Since then we've been on the ground helping over 50 million people forced to leave their homes, and have even received two Nobel Prizes for our work.

We are passionate about the people we help—and the amazing team of people who work for us. We thrive on excellence, integrity and respect for diversity. Our culture is dynamic, results-oriented and focused on change, ready to tackle the latest global humanitarian crisis. You'll be part of a newly growing team that—due to a significant revitalization process—is set for transformational growth. We need someone who's not only ready to jump in at the start of this journey, but has the skills, energy and creativity to help shape what comes next.
