ABOUT MARCH OF DIMES CANADA

March of Dimes Canada is a leading national charity committed to championing equity, empowering ability, and creating real change that will help people with disabilities across the country unlock the richness of their lives. Together with our partners, we serve, connect, and empower people with disabilities to participate fully in life and in their communities on their own terms. Our work is grounded in the voices of the people we serve, built on a foundation of service, and backed by more than 70 years of success.

Born in one of the 20th century's greatest public health crises, we know that seemingly impossible goals can be achieved, and barriers can be broken. When we achieved our original mission of funding a successful cure for polio, we didn't stop there. We shifted our focus to meet the evolving needs of people with disabilities, becoming one of Canada's leading disability service providers and advocating for inclusion, equality and justice for disabled people everywhere.

Despite our efforts, so much more needs to be done to create a Canada where everyone can thrive. One where people with disabilities are encouraged and supported to build their skills and chase their dreams; where barriers give way to opportunities for rich, full and equal lives; and where disability is not only seen but celebrated as a critical thread in the vibrant fabric of human diversity.

March of Dimes Canada is determined to make this vision a reality. That's why we're taking bold steps to reimagine our organization and the impact we can make. Working in solidarity with our community, we're evolving our programs, services and capabilities for even greater reach and impact. And we're energizing our mission, by building a compelling new brand and an ambitious multi-year fundraising campaign that will bring new allies to our cause.
